

1000 Islands Cruises

A great way to spend a summer day with your family and friends is to hop on one of the many 1000 Islands Cruises that leave daily from Kingston, Ontario.

As you stand on the deck and breathe in the fresh summer air, watch the 1000 islands that are interspersed along the shores of Lake Ontario and the St. Lawrence River. This gently floating cruise ship has a very calming effect, so just sit back, relax, and admire the view. You can also entertain yourself by people-watching or spotting and naming the wildlife you see.

There is also an interesting audio tour that provides you with information about each of the sites. Take this opportunity to learn about early Canadian history in a leisurely and pleasurable atmosphere, through tales and anecdotes.

A cruise along Kingston's scenic waterfront is enjoyable for the whole family!
