

A. Draw lines to join the things that need electricity to work to the plug.

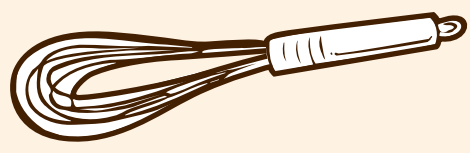

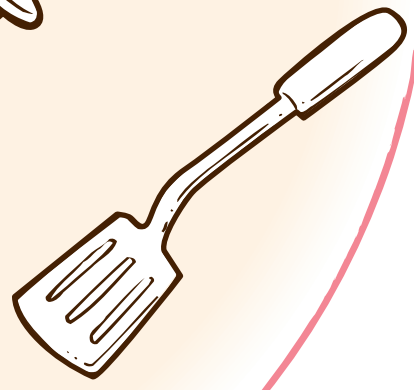

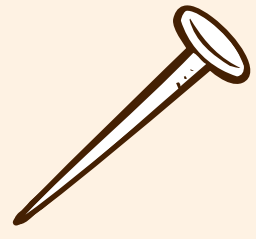

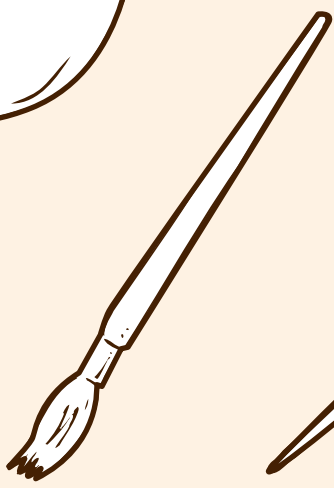

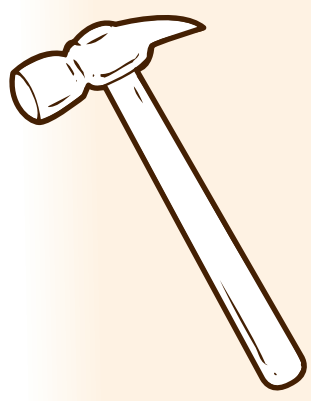

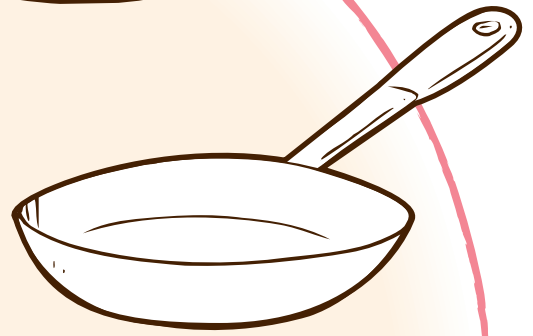

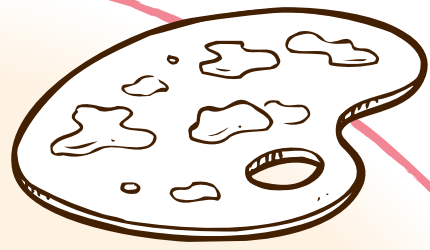

B. Colour to show what gives power to each thing.

C. Colour each pair of tools the same colour.

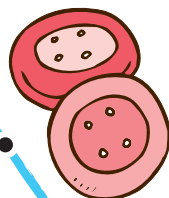

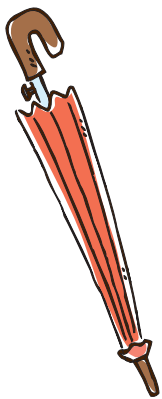

It's nice to have both tools: a fork and a knife work together.

D. Draw lines to match the things with their functions.

Many things are designed to meet our needs.

Functions of Things

for walking •

for cutting things •

for fastening clothes •

for keeping you dry •

for protecting the eyes •
