

A Spelling Game

Cut out the pieces on both pages.

2 or more players

Place all the pieces face down in a stack. Each player takes turns to draw a piece from the top. Spell the word for the thing in the picture within 10 seconds. The number in the corner of each picture shows the point(s) the player can get for the correct spelling. When all the pieces are drawn, each player adds up the total to see who gets the highest score.

You can make a chart to record your scores.
